“ Aunt Mae taught me how to drive a stick shift in her little white pinto when I was 9 years old. She hated the it's a small world ride at Disney. But every single time they took me I made her ride with me. The year before I had Ryan Aunt Mae and Aunt Kathy was coming to pick me up from the Econfina resort and hit a little button buck. They thought it was it was dead and put it in the trunk of her new Pontiac Grand am.. When we got around to the Holton camp Uncle Steve was there and he came out to get it. We soon learned that it wasn't dead. That year Uncle Steve didn't kill any deer except that one and never lived it down. We went fishing one day with Aunt Kathy and I had gotten a new fiber glass fishing pole. I sat it down and had to go pee. Mae said " what you going to do if a fish runs off with your pole" I said " I'll go swimming." Little did I know that id be eating those words.. that very day we had already saw several moccasins so she was literally a basket case until I got back out of the water. Yes, I saved my pole and the fish was still on the hook!! My 2 children Ryan and Morgan were here pride and joy. Morgan's 2 boys she spent a lot of time with and she truly enjoyed Maisen and Micah keeping her busy.
