“ My loving “pill” of a sister was always ready for having a good time. Only long after I left home did I find out that she had been taking out the jalousie windows ay night, sneaking out and horse back riding with friends. Scandalous at the time if we had known!

“ I'll never forget when Mrs. Jill came to see me on my 16th birthday. She handed me 16 gold \$1 coins and said that it was to memorialize that special birthday. She shared when she was my age her grandmother did the same for her. To this day that is the only gift I remember receiving and I promise to keep the tradition. I am so grateful to have known Jill and have all the memories I do with her.
