“ Hi Sandy i hope you get this message, I was sorry to hear about your Mother. She loved you very much. She was special. She would come to Dollar Tree where I work and she would always call me by my Mothers name which was Ann. That's ok. I remember all the games she stayed cool. She loved Martha Ann and Debbie. I see Marth Ann when I go to Madison. I haven't seen Debbie in a while. Take care of yourself. June Knowles

“ My condolences to the family. Kathleen and I were neighbors for so many years. She was one awesome neighbor and I loved her dearly. I knew she would always be there if I needed something and I enjoyed so many years of playing bunco with her. She would always let me have bunco at her house and I always admired her for her enthusiasm for life. Even though I have moved away we continued our friendship. She will be greatly missed in the community.

“*Kathleen and I always greeted each other with a “Hi Kathleen” because we share the same name. It made us giggle. We also seemed to buy the same gym shirts. She was a beautiful example of grace and dedication as she served others. Her biggest gift to our family was her dog sitting for our Obi who loved her very much. He’d jump out of our car and jump for joy as she greeted him at her front door. I never worried about him there. She truly cared for him. She also taught us country line dancing back years ago when it was popular. She wore many hats and did them all with a smile. We will miss her very much.*”
