“ *Monica Dyke teaching style earned student respect, student admiration for medical skills, and definitely increased student focus on life goals. Monica held teachers and staff on the highest platform, and a team player in achieving her personal, student, and school goals. I enjoy our conversations talking about her family, friends, students, and faculty; sharing of brownies, candy bars, and Myer lemons! She was Teacher of the year and will always be her #1 fan. Monica you always have a wonderful smile.*

“ *Monica was a little girl, when we lived in the neighborhood. She always had that beautiful smile then and she continued with that smile where ever she went. She was a loving person and cared for everyone she came in contact with. We loved her and her family, and she will be missed by so many. Our thoughts and prayers are with all of her family and friends 🙏 R.I.P. Sweet Monica. Gone to soon, but never forgotten 😭💕*
