

Dr. Robert Jay Auston

December 9, 1934 - May 21, 2021

Dr. Robert J. Auston was known as Dr. Bob. He was an only child to Dr. Joseph and Clara Goldstone. He was pampered by his adoring parents and excelled in honors in all his educational pursuits.

He became a family Doctor, MD and had a very successful practice in general/family medicine. He later went to University of Miami to study acupuncture and also became certified in addiction medicine, occupational medicine and geriatric medicine. He was also the Chief of Staff at University hospital in Tamarac, Florida.

He is missed tremendously by his family as well as the patients he dedicated his life to. He has touched our lives beyond words and will forever be in our hearts.

He is survived by his wife, Gloria (Gigi) Auston, and five children as well as two loving stepchildren who he brought up as his own. I could go on and on about it, but he would probably cut me off so I'll end this with an expression that he always said, "If you don't try it, you'll never achieve it!" We love you to the moon and back Bobby Jay!

Dr Bob my dear friend and mentor. I do miss our talks out laughs . The old times and new times . Have known you over 60 years loved every minute of it.

The great times we had at work

Memories are all I have. I love ❤️ you Bob and miss you so much. RIP dear friend. ❤️

Your heart so was big and kind for all. You were one of a kind.

None left like you! ☐ You are at rest now R I P . I'll never forget you ❤️
