His family moved to the Miami, Florida area, and from there to Suwannee County, where he made his permanent home. Tom lived in the Live Oak area for many years as a boat builder and mechanic, and Uber driver among other occupations. He loved the river and boating and water skiing. He had a little travel trailer in which he travelled around the country during the summer, camping along the way. He was a student of the Bible and would post scriptures on Facebook periodically. He was a good man and a kind and generous father who was so proud of his son, AJ, as he was called.

A Celebration of Life service will be held in the near future when plans are completed.
